

Sight Reading Factory Self-Assessment/Grading Rubric

Name _____ Date _____

This rubric is set up for all students to have the ability to succeed. Maximum score is 4/4.

Please place a check next to all of the statements that apply to figure out the proper score

4/4 to earn this score, <u>one of the following</u> must be true:	<input type="checkbox"/> student completed maximum number of attempts <input type="checkbox"/> student gave a perfect or near perfect performance
3/4 to earn this score, <u>both</u> statements must be true:	<input type="checkbox"/> student completed less than the maximum number of required attempts <input type="checkbox"/> student made a few errors (pitch, rhythm, staying in key, dynamics, etc) but demonstrated competence in sight-singing
2/4 to earn this score, <u>both</u> statements must be true:	<input type="checkbox"/> student completed less than the maximum number of attempts <input type="checkbox"/> student made many errors but still demonstrated some level of competence in sight-singing
1/4 to earn this score, <u>both</u> statements must be true:	<input type="checkbox"/> student completed <i>significantly</i> less than the maximum number of attempts <input type="checkbox"/> student's attempt does not demonstrate noticeable competency of sight-singing in any tangible way

If assignment is handed in late, please deduct .5 from the total score (a 4/4 becomes 3.5/4, 3/4 becomes 2.5/4)

TOTAL SCORE EARNED _____
